"Lap" dogs are not the only type of canine that appeals to a woman! At any rate that is true of the British woman who manifests a decided interest in the big, strong and often fierce-looking bull dog.

Perhaps it is because the women, as well as the men, take a pride in owning well-bred bull dogs, that England has succeeded in exhibiting the prize winner in recent dog shows of land leads the United States now.

## WOULD LET STATE CHOOSE METHOD IN NAMING MEN

NEW YORK, Sept. 23.—The republicans of New York Tuesday declared in favor of changing the party rules so that each state may determine its own method of choosing delegates to the national convention and so that states which give the big republican pluralities have proportionately large power in selecting candidates for president.

The proposition and its subsidiary question developed the biggest fight of the republican state convention held here Tuesday. This struggle was staged before the committee on resolutions. There the issue was fought out with U. S. Senator Elihu Root, Henry L. Stimson, former secretary of war and Nicholas Murray Butler, president of Columbia university as chief supporters of the proposal, and William Barnes, Jr., national committeeman, as its strongest opponent. The resolution finally was approved after the original measure had been amended, to recommend the retention of the congressional district as the basis of representation.

Later the resolution was adopted by the convention which thus made the demand for the change in rules the stand of the party in this state. The convention wound up its labors by the nomination of William E. Werner, of Rochester, associate judge of the court of appeals, for chief justice, and Frank H. Hiscock, of Syracuse, for associate judge of the court of appeals. Judge Werner defeated State Sen. Edgar T. Brackett for the nomination for chief judge by 447 votes to 151. Frederick E. Crane of Brooklyn, a supreme court justice, opposed Judge Hiscock, but was defeated by a vote of 444 to 157.

At the night session of the convention when the resolutions were adopted and the candidates were named there was a rousing demonstration in honor of U. S. Sen. Root, the permanent chairman.

## OPALS WORTH HUNDREDS DISCOVERED IN NEVADA

WASHINGTON, Sept. 24.—Opals, described with extraordinary enthusiasm by the press as the "newest discovery," and as exhibiting wonderful flashes, have been discovered in the Virgin Valley, Humboldt county, Nevada, according to a report issued Wednesday by the geological survey. The gems are described as far superior to any ever before found in this country.

The Nevada opals are extracted from deposits of petrified wood. Some of those discovered are worth \$200 apiece.

PRINCETON, Ind.—Coming to his senses and finding himself in a cemetery, Joe Cannon, a negro politician, yesterday morning beat a hasty retreat. He revived on the run and when he arrived home found that he

## HONEYMOON WAS DRUNKEN DEBAUCH CHARLTON'S PLEA

COMO, Italy, Sept. 24.—Work of taking depositions from witnesses in the U. S. on behalf of Porter Charlton, the 24-year-old American, who is soon to stand trial for the murder of his actress wife, Mary Scott Castle-Charlton, will begin next week according to news received by the prisoner Wednesday from his counsel. Charlton furnished Deputy Porzio, his lawyer in chief, with a list of 30 names of American friends and relatives who are expected to make depositions as to Charlton's good behavior and his mental condition.

It is learned that, aside from the possible plea of insanity, Charlton will base part of his defense upon the contention that he was irresponsible from drink when he killed his wife and threw her body into Lake Como. According to Charlton his honeymoon with his 40-year-old wife was a practical debauch. He told his counsel that neither he nor his wife had been sober an hour from the time of their marriage up to the night of the tragedy.

Charlton told Judge Rognoni that he did not know he had inflicted fatal injuries upon his wife the night he beat her over the head with a hammer. Although the woman lay in a stupor emitting groans for several hours, Charlton said that he believed she was overcome with drink and not wounded at all. Charlton said he himself was stupefied with wine, and did not know until 12 hours after he had inflicted the fatal blows that he had injured his wife.

On the night of the murder, Charlton said, he and his wife had drunk heavily and had a furious quarrel.

## Mother Pankhurst Simply Will Not Be Snubbed By Americans, Says Daughter

PARIS, Sept. 24.—News cablegrams telling of adverse criticism directed against Mrs. Emmeline Pankhurst by her sisters in the U. S., will not deter the founder of militantism from making her proposed trip across the Atlantic to make speeches. Christabel Pankhurst, speaking for her mother, Wednesday declared that Mrs. Pankhurst is too strong-willed to be moved by harsh criticism.

"If suffrage organization in the U. S. refuse to invite my mother to speak under their auspices she will deliver independent addresses," said Christabel. "My mother has too much single-mindedness of purpose and is too courageous to be discouraged by the remarks of a few women who are half-hearted to the great cause. So far as I know there are no American laws to prevent my mother from talking wherever she wants to, and she will do that in spite of any opposition."

Science wins over disease and weakness.  
No need to suffer and "doctor" the "old way."  
Don't let doctors drag you along for months.  
Come and investigate for yourself the wonderful advances I have made  
and how little it costs to get well.

**Weak Men**  
Every day I have been explaining to you the CAUSE of weakness and HOW I CURE IT. My statements have been straightforward and to the point. Many men have called, some advanced in years, who had given up all hope of every regaining their lost vitality. After thorough investigation nearly every man placed himself under my care. Today you cannot find happier or more grateful men. They improved FROM THE VERY FIRST TREATMENT. Not only was their vital strength fully restored, but they find the CURE TO BE PERMANENT. A common statement was: "I WOULD HAVE COME TO YOU LONG AGO IF I HAD KNOWN HOW LITTLE TIME AND MONEY IT COST FOR A CURE." IF YOU need my help, don't hesitate. If I don't make you strong you don't need to pay one cent.

**Blood Poison**  
Neo-Salvarsan "914" The Intravenous Method, directly into the blood—the only way it should be given. No man need deny himself my services for lack of money. If you need the treatment, call.

"914" Salvarsan is today acknowledged even by those who first doubted the permanency of the cure, to be the greatest discovery of the age. It has been in use over two years and the results obtained are not only permanent but miraculous. I use more of this remedy than all other specialists put together; therefore, my experience is of greater value to the patient than that of any other specialist.

In the very large number of cases in which I have used the remedy I have not had one single failure. Every symptom of the disease from the eruption to the running sore, from the rash to the destruction of tissue and bone, was checked within twelve hours after its administration. There is no longer the slightest doubt about the wonderful curative power of the remedy, and in the hands of an expert specialist there is absolutely no danger of any kind from its use. I introduce it directly into the blood. I keep you in my office from two to four hours—no longer. Then I make a Wassermann test of your blood. The test tells you are free from the disease. It gives you a new license to live a good and pure life. It is, indeed, a blessing to mankind.

My equipment for the proper administration of this German remedy is the finest in Indiana and second to none in the United States. I prefer to have the patient present while I am preparing the solution so he may observe the technique I follow in the preparation of "914." It would be well for the patient to bring a friend or his family physician if he so desires.

**Hydrocele**  
My method is direct, positive, painless, does not detain you from your occupation or home and I give you my word and absolute guarantee that it effects a radical and permanent cure.

**Varicocele**
